Subject: Ready to go

Kevin-

We had the introductory call with the field person (Paul DesFosse) and Bernie. FMC, Tribe, etc. all have Paul's contact info, and we are ready to go for next week. Paul will be sending an email to Kelly at the end of each day to tell him what time he expects to be on site the following day, so we should have that base covered. I've also instructed Paul to leave the site if asked to do so by the Tribe. So, we are ready to go, please let me know if you have any questions.

Tx,
